

Kenner City Park Playground Gets Much Needed Shade!

Kenner, LA

Several years ago, Hahn Enterprises installed an all-inclusive Little Tikes playstructure and swings with NoFault poured-in-place rubber surfacing for the City of Kenner. In November, after years of planning, the dream of adding shade structures above each area was finally realized!!

Hahn Enterprises worked with the engineers at ModernShade to design custom shades that would fit outside of the safety zones required for each piece of equipment yet offer much needed shade from the relentless sunshine. Everyone seems to love the new look...even the life-sized giraffe sculpture!!

If you would have an upcoming project that includes playground equipment, shade structures or indoor equipment including basketball goals, wall pads, divider
