

New Orleans City Park Installs State of the Art Playground New Orleans, LA

The National Recreation & Park Association held its annual convention in New Orleans this fall and Little Tikes displayed a state of the art playground structure to the over 8,000 attendees. After the convention ended, Hahn Enterprises partnered with City Park to install this structure at its new permanent home on Magnolia Dr., just north of I-610. Hahn helped coordinate the installation of the concrete base; dismantling, moving, and re-assembling of the structure; and installation of the NoFault poured-in-place rubber surfacing - all accomplished within (7) days!

Over 150 years old, one mile wide and **three** miles long comprising a total of **1,300 acres**, New Orleans City Park is one of the largest urban Parks in the country. It is located in the heart of the city and is the largest recreation area for the entire metropolitan area. Hahn Enterprises is proud to help the Park expand its offerings to the children of the community.

Please contact us if you would like pricing or more information on playgrounds, outdoor safety surfacing, shade structures, custom bleachers, gymnasium equipment, or help with other equipment in your park, playground, gymnasium, or stadium.
