

SELU Replaces Wooden Bleachers for Opening Day! **Hammond, Louisiana**

The SELU baseball field has been upgraded throughout the years - and this January the final pieces were completed. Hahn Enterprises replaced the old wooden 3rd baseline bleachers with new National Recreation Systems elevated, all-aluminum bleachers! The new bleachers offer better site lines, ADA accessibility, and safer aluminum seats and walkways that will never rust or deteriorate like wood.

Baseball and softball season is right around the corner - let us know if you need to upgrade your facility or would like quotes now to upgrade in the summer. it will be here before we know it!
