

## **Xavier University Builds a New Student Activity Center in Record Time**

**New Orleans, LA**

Xavier University wanted to build a new Student Activity Center, however, time was a limiting factor. They partnered with Woodward Design+Build and Hahn Enterprises to make this beautiful new center a reality in record time!

Hahn Enterprises helped by installing Draper basketball goals using the metal building as designed without requiring additional supports; installed (2) wireless Eversan scoreboards; installed (4) National Recreation Systems tip 'n roll aluminum bleachers; and installed a new Draper fold-up divider curtain! The combined efforts of all the subs led to a happy customer and new facility in time for fall semester students to enjoy!
