

## **Amite High School Gym Renovation- Keeping the Old & Installing the New Amite, LA**

Amite High School's gym was originally built in the 1930's as a Depression-era WPA project. Renovations were needed years ago, however, the funding was finally approved in 2014. The plans called for the "shell" of the building to be kept intact, however, the gymnasium, locker rooms, and other interior areas to be completely re-done.

Hahn Enterprises worked with the architect for several years providing budget prices and drawings; and then was low bid to the GC on the Sheridan bleachers & Draper goals, wall pads, and volleyball equipment. We completed the installation earlier this month and hope to have the kids back in for basketball season. An amazing transformation... years in the making!

### **Products in Action**

If you would have an upcoming project that includes basketball goals, wall pads, divider curtains, bleachers or outdoor equipment please contact us for help with design, specs, and/or budget pricing.
