

## Draper, Inc. Factory Visit - State of the Art Technology at Work Spiceland, IN

Every (2) years, we attend a Draper, Inc. sales meeting at their plant in Indiana to view the manufacturing facility, learn about new products, and attend workshops. Some of the things i learned on this trip that epitomize the high quality of the Draper products include:

- only certified welders work on our goals
- we can powdercoat our frames in any Tiger Drylac color for a nominal fee
- we have a new center fold divider curtain

### Products in Action

- our wall pads have been certified GREENGUARD Gold
- specifications, load calcs, and drawings can be uploaded from the Draper website

If you would have an upcoming project that includes basketball goals, wall pads, divider curtains, bleachers or outdoor equipment please contact us for help with design, specs, and/or budget pricing.
