

Hahn Enterprises was registered to attend the PJAL Conference in New Orleans last week, however, due to hazardous travel conditions we were unable to attend. We have been a member of the PJAL for over a decade and always look forward to attending your conference! I hope it was a success and we will see you next year at the 2019 Convention.

If you have projects that include gymnasium, playground, or recreation equipment including bleachers, basketball goals, playground equipment, shade structures, or other amenities, please keep us in mind! You can view our website at www.hahn-enterprises.com or contact me at tania@hahn-enterprises.com for pricing and/or specs.

Thank you,
Tania
