## **Heritage Park is Ready For Play! City of Hope, AR**

Hahn Enterprises began the design process with The City of Hope in 2018 for a new playground at Heritage Park. In 2019, the city received a matching grant from Arkansas Parks & Tourism and chose to use the money for this new Little Tikes Commercial structure and NoFault Turf!

Besides the awesome structure, the NoFault PlaySafe 50 turf is a great new safety surfacing option that will meet all fall heights like the traditional poured-in-place rubber surfacing. The natural grass look is a nice aesthetic to any

playground – from inner city to rural park. The turf requires a concrete edge put over a crushed stone base (instead of concrete) which saves money on the installation.

Heritage Park is open and ready for play over the holidays – Enjoy!
